TE KURA A ROHE O WHAINGAROA

Kia ora whanau and families of Te Kura a Rohe o Whaingaroa, Raglan Area School.

Congratulations to Sasha, Jack, Emily, Dughall, Sven, Joel and Kate who competed last weekend in the Smoke Free Rock Quest. While they did not gain either of the top two spaces to go forward to the Nationals, we are very proud of their efforts and commitment.

Rebecca and Jane and their students have moved into a new D1. They are delighted with the new and warm space and of course Celia and Amy are now eager to join them. Celia probably at the end of term and Amy, hopefully by end of term 3. Though Marian will miss them from her environment she is also looking forward to reinstating our library.

A second building team began today and they are working on the bottom basketball courts preparing for the two new classrooms to be delivered at the end of term. So again please be aware that parts of the school will be cordoned off from access while they prepare for these buildings. We expect to be able to move in sometime in term three with our two Year 9 classes.

The school tuck shop has required us to rethink how it works. While there have been applications, we are looking at the new health and safety and food hygiene regulations so that a more appropriate contract can be drawn up for a provider. You will already be aware that for any children who are hungry we provide breakfasts and carry supplies of food. The BOT are gathering the new protocols together this week and we will invite applicants to come in and discuss how this may impact on their applications.

Again a reminder that if you wish to be involved in voluntary work at the school please feel free to come and discuss this with me. Gardening, library work, resource management etc are all volunteer opportunities that would be appreciated.

My thanks to Vicky and Savita, who have covered the office in the absence of firstly Karen, and currently Sue. We appreciate their support and awahi for our students, staff, and parents.

Nga mihi

Malcolm

EPro8 Challenge

On Thursday the 25th of May 16 students from the Year 7-8 syndicate participated in the EPro 8 challenge. This is an engineering technology challenge where students were competing in a very high energy environment against other schools from all over Hamilton. At the end of two long and action-packed hours, one team from Raglan had fought their way into a tie-break to head off to the Waikato semi-finals. In an amazing display of Manaakitanga all teams decided to stay and cheer on our remaining team (Jarvis, Ashton, Kaia and Freda). After a gruelling, unprecedented hour at the end of a long night we managed to secure a spot in the Waikato semi-finals. A huge thank you to all parents, teachers and students for your endurance with a long day particularly with the late arrival home.

Nga mihi

Pete Maloney

Terrific Cross Country shared writing from D1 CLASS

We started with star-jumps, leg stretches and jumping, then we all stood at the starting line. We felt nervous, scared, excited and happy. BANG! The clapper slapped- we were off! We ran and ran and ran, we were exhausted at the end but felt very pleased, surprised and proud. People shouted "HOORAY", "WELL DONE". Cross Country was TERRIFIC!

The Race by Seth Waters-Waitere

Boom! My heart went as we started the race. As everyone passed, the people lining up pushed by, it was shocking. I got to the bush track, speeding by everyone. What was that noise about? It's cheering up the top. I just carry on running. Finally, I get to the waka shed. The water sparkled, glittered and shone. It hovered around the beaches. I'm almost at the next bush track. I passed sharp, green, spiky gorse. As I reached the bush track, my puff got weaker and weaker.
