This is an important meeting and to make sure you get the most out of this discussion some planning may help you. So we have put some questions you may want to fill in and some prompts for questions you may want to ask.

Feel free to bring this sheet along as it will work as a reminder and help keep our meeting on track.

Please also remember it does not have to be an organised event to pop in and check up on your child's progress and if this day does not suit, touch base with your child's teacher and see if another time can be arranged.
